SUMMARY

I have a great interest in data science and machine learning. I did my internship on data analytics and dashboard developing. I can build dashboards and web applications with Flask/Django/Dash packages with using HTML-CSS. On the other hand, I am developing projects on machine learning techniques.

PERSONAL INFORMATIONS

Sex   : Male
Nationality   : Turkish
Marial Status : Single

EDUCATION

BSc | 09.2015 – 06.2020   Yildiz Technical University – Statistics
High School | 09.2011 – 06.2015   IMKB Anatolian High School

WORK EXPERIENCES

MSM Periyodik Danışmanlık | 07.2010 – 09.2020
Data Analytics & Business Intelligence Intern

Statü Araştırma
Freelancer

YTU Statistics Research Center | 01.2019 – 04.2020
Assistant

COURSES & CERTIFICATES

Kodluyoruz | 7 September – 13 October 2019
Applied Data Science and Machine Learning Bootcamp

DataCamp | September 2019
Importing & Cleaning Data

DataCamp | June 2019
Python Programming

SKILLS

MS Office	★★★★★
Python	★★★☆☆
R	★★☆☆☆
SQL	★★★☆☆
SAS	★★☆☆☆
MATLAB	★★☆☆☆
Excel VBA	★★★☆☆
SPSS	★★★☆☆
HTML-CSS	★★★☆☆
Adobe AE	★★★☆☆
Adobe PS	★★★☆☆

LANGUAGES

English	★★★★☆
German	★☆☆☆☆

HOBBIES

Chess
Reading books
Playing video games

PROJECTS

Licence Thesis – Interface of Some Machine Learning Algorithms (Kajoo)
I used Object Oriented Programming and Python/PyQt5 GUI Programming in this project.

Online Random Number Generator With Probability Distributions (Pymun)
I used Python/Flask and Bootstrap in this project.

HACKATHONS

- Doğuş Datathon | 9-13 September 2020
- Eczacıbaşı EnGenius Datathon (1st Degree) | 14-28 August 2020
- Insider AI Race Datathon | 27 June 2020
- Vodafone Digital Pioneers Tobi Hack | 30-31 May 2020
- İş Bankası Machine Learning Challenge Datathon | 11-18 May 2020
- Akbank Code Challenge | 14 May 2020
